This technical drawing is a detailed architectural floor plan, likely for a residential or institutional building. The plan includes various rooms, circulation areas, and structural elements. Key features include:

- Rooms and Areas:** The plan shows multiple rooms labeled with letters (E, F, G, H, I, J, K, L, M, N, O, P) and numbers (7, 8, 9, 10a, 11, 12, 13, 14, 15, 16, 16a, 17, 17a, 18, 18a). Some rooms contain specific symbols like a staircase (J), a double door (K), or a central unit (M).
- Structural Details:** The plan includes a central corridor with a stepped ceiling, a staircase, and a central unit. A large rectangular opening is located in the center of the floor.
- Text Labels:** Several sections of the plan are labeled with Persian text:
 - "بلوک هم‌جوار" (Neighboring Block) appears in four locations.
 - "در این محدوده امکان ایجاد پنجره نمی باشد." (It is not possible to create windows in this area) appears three times.
 - "گف مورده فقر طراحی" (Design exception) points to a specific section near the top center.
- Scale:** A scale bar at the top indicates distances from 0.15 to 1.50 meters.
