

Interior Design of The Sales Office of The Sun Plaza Project

Employer : Dr.Magdouri

Designer: Faride Ahmadi

Floor Stone : Azna Marble Slab

Wall material : Torbat black stone 40cm random length,
Bookmatched Lashotor black Marble,
Azna white stone 40cm random length
Wooden frame with white polyester paint finish

Knauf Gypsum board false ceiling with black and white paint finish
Outdoor Thermowood planter boxes with integrated seating

Copper sheet cladding for wall and ceiling

Mirror panel at the existing door location

Pantry

The wall finish consists of painted plaster, while the kitchen backsplash areas are finished with Calacatta porcelain tiles, installed using the thin-set adhesive method.

Pantry

The countertop is finished with HPL (High-Pressure Laminate), the cabinetry is constructed from painted MDF, and the flooring consists of Azna slab stone, continuing the same material used in the lobby to ensure visual continuity.
