# ABOUT ME

---

Zahra Yaghouti

Certified Architect (IRCEO) with over 10 years of comprehensive experience in architectural design and visualization.

Proficient in industry-standard software including Revit, Rhino, AutoCAD, 3ds Max + V-Ray, Adobe Creative Suite.

Skilled in advanced presentation tools for CGI, 360° virtual tours, and video editing.

Leveraging AI tools to optimize design processes, enhance visualization, and generate innovative concepts.

A proven leader with strong problem-solving skills, in-depth knowledge of architectural codes, and a collaborative approach.

### Professional Design Workflow

I guide every project through a clear, collaborative process to ensure vision alignment and exceptional results:

Concept & Layout: Initial 2D plan outlining spatial organization and flow.

Style Direction: Curated mood board establishing aesthetic and ambience.

Visualization: Detailed 3D model bringing the design to life.

Final Delivery: High-resolution visuals and prepared project files.

Client communication is maintained at every step to refine the outcome and ensure full satisfaction.
